

Shutterfly

In partnership with Shutterfly, we built ThisLife for IOS devices - The quintessential photo and video app.

Safe, Secure Storage for Photos and Videos

ThisLife stores photos and videos securely on Shutterfly's servers, meaning that your valuable photographic memories are not only safe but are also easily accessible.

Innovative and Powerful Customization Features

We built in features that allow for simplified sharing, composing digital story albums and slideshows, creating physical prints and photo books, and adding Audio Notes to photos and videos.

Intelligent Organization

We've embedded features such as geo-tagging, facial recognition, custom tags, photo ratings and favourites, smart filters and more.
